Create an account.

Browse to a picture of your choosing that is saved on your computer.

Make sure to have your microphone plugged in and allow Blabberize to have access to it.

If you have problems with your microphone, right click on your picture and choose Settings...

Shape your Blabber mouth, crop your picture and size your frame.

Record your narration. You can use your microphone,  
call it in or upload it from your computer.

Preview your Blabber.

Save your Blabber.
